

Sunday Dash Across Jervis Bay and Back

The Sunday dash across the bay is purely a dash across and back for all wind sports. If you reckon you can be the quickest over and back against windsurfers and Kites, this is the race for you.

This event is open to anything you can ride under a kite or as a windsurfer. This is going to be a mixed field event and extremely important the Right of Way messages are followed. Competitors should always remember to avoid collision at all costs, whilst trying to be the fastest back.

There is going to be a set of official heat starts and then it's on. After entrants have crossed the start line, they'll proceed around the buoy on the other side and back to the finish line.

There will be an award and bragging rights for 1st place for this event only.
